Now is the time you should be getting more eggs—they're worth more money. Are you getting them? As a rule hens stop laying when prices go up but it is not their fault. They can't get the proper material. Feed them

Wellington Improved Egg Food

and they can't help but lay. It starts the egg-producing organs into action by furnishing the necessary elements. That's why it pays.

Costs about 1 cent a day for 24 hens.

FOR SALE AT GROCERS, FEED STORES, and general supply houses, but if you cannot get it at your dealer send us his name and address and 25 cents and we will send you, prepaid, a package that will last a dozen hens 6 weeks and our book on feeding. Send for our Book on Feeding, anyway. Free upon request.

Kitchen Troubles and the Remedy.

Only a few years ago it was considered good form to encase the sink in wood thereby concealing the trap, making it inaccessible and offering a place for the collection of filth and vermin.

If this condition exists in your household, let us remedy the trouble by installing a snowy white "Standard" Porcelain Enameled Kitchen Sink. Our work is satisfactory and prices right.

Wrinkles.

If our forehead is rigid with wrinkles before forty, what will it be at seventy? There is one consoling thought about these marks of time and trouble—the death angel almost always comes when we are young. Even the extreme aged in death often wear a smooth and peaceful brow, thus leaving our last memory of them calm and tranquil. But our business is with life. Scowling is a silent kind of scolding. It shows that our souls need sweetening. For pity's sake let us take a sad-iron or a glad iron or a smoothing tool of some sort and straighten the creases out of our faces before they become indelibly engraved upon our faces.

Kindness is the silken cord that binds mankind together.

A SUDDEN TWINGE

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were in the bones or muscles, but the real cause of rheumatism is found in impure blood. In order to cure rheumatism the blood must be cleansed of the poisonous uric acid which is the cause of the disease.

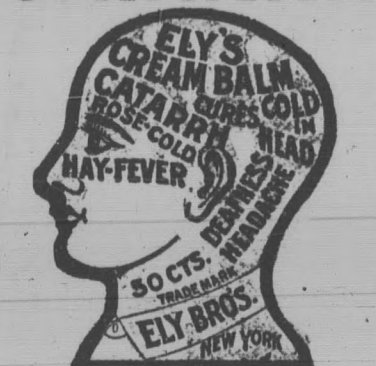

Dr. Pierce's Golden Medical Discovery has been very successful in the cure of rheumatism, because it entirely cleanses the blood from the poisonous uric acid which is the cause of the disease.

"Your Golden Medical Discovery cured me of rheumatism after I had tried a dozen remedies without relief," writes Harry Ritter, of No. 180 8th Street, Denver, Colo. "Only those who have suffered from this dread malady know the pain and misery I endured for over five years. Whether the weather was damp or cold my troubles were increased and my joints would be so stiff and sore that I was hardly able to move about, and often unable to dress myself. I used a number of highly recommended medicines, but they had no effect whatever on me, and I came to Colorado hoping to rally my health, but failed to obtain the relief I had hoped for. A gentleman in the house where I lived advised me to use Dr. Pierce's Golden Medical Discovery, and in four months and a half after I began using it I was a well man, and have had no touch of it for the past seven months."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains, you lose. Therefore accept no substitute for "Golden Medical Discovery."

These tiny, sugar-coated antibilious granules regulate the digestive system, invigorate stomach, liver and bowels. Do not forget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor. Put up in vials; always fresh and reliable.

CATARRH

ELY'S CREAM BALM

This Remedy is a Specific, Sure to Give Satisfaction. GIVES RELIEF AT ONCE.

It cleanses, soothes, heals, and protects the diseased membrane. It cures Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Easy to use. Contains no injurious drugs. Applied into the nostrils and absorbed. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents by mail.

BACON CONVENTION WAS PACKED.

The Chicago Chronicle charges that the Bacon Interstate Commerce Law Convention at Chicago was packed, and makes the following specific allegations:

"When representatives of business associations came to Chicago to attend the convention called to consider the rate question, they were met by the Bacon officials of the Interstate Commerce Law Association and required to give their written adherence to the Roosevelt plan of rate legislation as a condition precedent to admission to the convention.

"Every delegate who refused to subscribe to the Roosevelt plan was denied admission, and the refusal was backed by police force. The Bacon doorkeeper did not ask for credentials for the purpose of determining whether men should be admitted as delegates. He would not pay any attention to credentials when they were offered. If the delegate would not pledge himself in advance to a particular kind of legislation he was barred out, no matter what his credentials were.

"If none but delegates favorable to rate-making by Government commission had presented themselves, as the Baconites had planned, everything would have gone on smoothly and the resolutions of a packed convention would have been published triumphantly as the unanimous expression of representatives of the business organizations of the country.

"But other delegates presented themselves and demanded admission. They were denied admission for the sole reason that they were not in favor of a certain kind of legislation. Thus the true character of the convention was exposed and its purpose to deceive was defeated. It was demonstrated that the Bacon convention was not representative of trade organizations as such, but only of individuals who are committed to a particular kind of rate legislation, and who wished to palm off their opinions as those of all trade organizations."

SHORE LINES FORGING AHEAD

The Ocean Shore right of way is now graded for sixteen miles out of this city, says the Santa Cruz Sentinel, or about two miles and a half this side of San Vicente or Davenport. Four miles of track have been laid, as far as Wilder's beach, and the construction train is pushing the movement of supplies rapidly forward.

The Southern Pacific grading, although it has only been under way for a few weeks, is also being pushed forward very rapidly. It is now as far as Wilder's, about four miles out, and Shattuck & Desmond, the contractors who have this section of the line, are hiring additional men every day or so, and expect to finish the line to Davenport in time for the Southern Pacific to make good its contract to transport the cement works machinery to that point by the first of the year.
